PARTNERS GLOBAL
CORPORATE REAL ESTATE

The Opportunity

Partners Global is proud to present 45 Progress Drive, an opportunity to purchase an industrial warehouse and lot near the U.S. border. Located in the St. Stephen Industrial Park, this expansive 10,976 sq. ft. building, with an additional 4,800 sq. ft. dome, sits on approximately 1.75-acre lot with direct access to key transportation routes, including New Brunswick's Route 1, Route 170, and the Southern Railway.

Ideally suited for companies requiring highway and cross-border access, the property is centrally located and well-connected via road, rail, border, and port infrastructure, making it a strategic hub for distribution and logistics operations.

The facility features approximately 2,500 sq. ft. of well-appointed office space, including a kitchenette, storage areas, washrooms, and a mezzanine. The industrial section offers impressive clear heights and is equipped with three grade-level loading doors - one on the side of the building and another at the rear with direct access to the dome - providing excellent functionality and flexible loading/unloading options.

LOCATION OVERVIEW

Nestled along the St. Croix River, which forms the Canada-U.S. boarder, St. Stephen is a prime location for seamless cross-boarder connectivity. The town's proximity to major transportation routes, including New Brunswick's Route 1, 170, and the Southern Railway enhances its accessibility and appeal for trade and business. Approximately 16.4% of the population are qualified trades people, highlighting a capable workforce presenting Progress Drive as an ideal location for business owners looking to establish or expand operations.

St. Stephen's population is expected to grow to 4,880 by the 2026 Census, reflecting steady growth fueled by immigration, its strategic border location, and emerging developments. The close-knit community combined with a high quality of life and affordable living, the town's appeal continues to attract families and businesses seeking a relaxed yet connected environment.
